

NEW HORIZON COLLEGE OF ENGINEERING

Short Film Screening: NINA

14 October 2024

Tejas Seminar Hall, NHCE

5:00 PM

The Drama Club hosted the official screening of *Nina*, the film that previously secured **Third Place** at Sargam 2023 and earned a **cash prize of ₹5,000**. The event began with engaging activities that set a warm and enthusiastic tone, followed by a technical setup and the film trailer reveal. Although there were minor technical interruptions, the team handled the situation confidently and the audience remained invested.

Once the film began, the auditorium fell silent as the narrative, performances and soundscape created an immersive experience. After the screening, the cast and crew took the stage to share insights into the filmmaking process, challenges faced and lessons learned. Principal Dr. Manjunatha addressed the gathering with appreciation for the team's effort and constructive suggestions for future work. The event concluded with an invitation for open auditions, building excitement among attendees eager to join the Club and explore acting, editing, scripting and camera work.
