VENUE: VC ROOM, NHCE

JERSEY DAY:

On 6th May 2024, anticipation filled the air as students gathered in the VC room for the highly anticipated event, Jersey Day.

The students of NHCE adorned themselves in the jerseys of their beloved teams, proudly displaying their passion and commitment. Thirty teams, comprising a total of sixty students, assembled in the VC Room to showcase their sports expertise through three successive rounds, each designed as an elimination challenge.

With jerseys donned and spirits high, all were set to bring their A-game. The participants were brimming with energy and passion as they eagerly demonstrated their love for their favorite teams. The event began with a lively debate between the participants on the topic of cricket versus football, which seemed endless as each held steadfast to their opinions. Following the debate, the actual event commenced with Round 1.

Round 1 was a classic pen and paper quiz named Field and Track IQ, designed to test the teams' sports knowledge. Within just 10 minutes, participants were challenged with 20 quiz questions. All the teams raced to showcase their knowledge, to secure a spot amongst the top 14 teams who advanced to the next round.

Round 2 was an exciting audio-visual quiz named Stump the Chump!

Teams engaged in a lively battle, deciphering clues and facing-off against each other. The top 14 teams were split into two groups, and the round unfolded in two stages. The quiz followed a round-robin style, granting 10 points for each accurate answer and 5 points for every correctly passed response. Subsequently, two teams from each stage advanced to compete in the final round.

Round 3 was the Final Primetime Showdown.

Four teams engaged in an intense debate with one team prevailing over the other in a 2 vs 2 format, a heated discussion on controversial sports topics. With just 5 minutes to prepare and 10 minutes to debate, the room was busting with energy as each team was eager to claim victory for themselves.

The top 3 teams engaged in a challenging 30 minute group discussion round, making it a daunting task for the moderators to determine the results. After a riveting exchange of ideas, the final winners emerged.

Additionally, students donning jerseys who couldn't register for the event were called to the open stage at 1:30 p.m. for a group photo. They gathered in their favorite team's attire, demonstrating sportsmanship where rebels united and friendships ignited.

With thunderous applause, the Jersey Day Event concluded on a high note, highlighting the shared passion for sports amongst all the students of NHCE.

WINNERS:

Winners - Burhan and Musab

Runner up- Ilhaan and Siddarth
