About Conference

The New Horizon College of Engineering in India hosts the International Conference on Multidisciplinary Research in Technology and Management sponsored by IEEE and technical co-sponsored by IEEE Bangalore Section. The MRTM 2023 will be held for the first time on September 22nd and 23rd, 2023. Plenary talks, workshops, and invited papers by distinguished researchers and technologists, as well as contributed papers from academics and industry professionals, will be featured at the conference. The MRTM 2023 is a global platform for technologists, researchers, business leaders and industry leaders to share their perspectives on emerging technologies and newer solutions that can guide and lead to a better tomorrow. The papers can be presented in Hybrid (In-person and Virtual) mode by the authors. All the accepted and presented papers will be considered for possible inclusion in IEEE XPLORE Digital Library.

Objectives

The International Conference brings together researchers, practitioners and students to discuss and share their experiences, new ideas and research results on all aspects (theory, applications and tools) of Multidisciplinary Engineering, Research and Management. The Conference aims to bring together researchers from multidisciplinary backgrounds to emphasize dissemination of ongoing research in the fields of technology and management.

Original, unpublished papers in the following areas but not limited to, are invited:
