**Mr. Anand T,
CEO,
SWIFTERZ Creative Services.**

Dear Sir,

Subject: Regarding Motivational Talk titled "Application of Building Planning Software in Civil Engineering" dated 24.02.2020

We are extremely pleased to have you as a resource person for a motivational talk titled "Application of Building Planning Software in Civil Engineering" conducted on 20th February 2020 for VI semester students. The students, as well as faculties, have been immensely benefitted by your expertise on the topic. Your session was informative and interactive and has created lot of interest amongst the students in the topics you covered.

Hoping for further participation from your end in workshops/seminars/symposium that would be arranged in our institution.

Thanking you,

Dr.P S Niranja
Professor and Head
Department of Civil Engineering
NHCE, Bengaluru.

REPORT

The seminar was held on 20th February 2020 for 6th Semester Civil Engineering students. The Program began with an invocation song by a group of students. The welcome address was given by **Dr. Vinay Kumar B M**, Associate Professor, Department of Civil Engineering.

Dr.P S Niranjana, Professor, and Head spoke about the importance of the skillset requirements among civil engineers.

The Resource person was introduced to the participants by **Mr. Surendra B V**, Associate Professor of Civil Engineering Department.

Mr. Anand T the Resource person, deliberated the whole session with case studies and brain storming sessions involving the active participation of the students in many related hands on activities.

The Vote of thanks was delivered by **Dr. Natchimuthu S**, Associate Professor, Department of Civil Engineering.

The excerpt of his talk is as follows:

There are a number of different software packages used by architects. For rough schematic designs, many starts in a 3D modelling program like Sketchup (fairly simple and easy to use) or Rhinoceros (more complicated and extendable).

Architectural 2D drawings are usually produced in Autodesk Autocad, though there are some other programs out there. Many firms are now transitioning to BIM (building information modeling) software, which creates a 3D model of the building and holds a database of project information.

Traditional drawings can be made from this BIM model, and consultants and the builder can use it to coordinate construction. Autodesk Revit is the most used BIM software but there are other options like Vectorworks or Archicad.

Resource person Mr. Anand T addressing the students

Mr. Anand T discussing with students

FEEDBACK FORM

USN. INT17CV015 Name of the Student: Bhaseth.A

Topic: "APPLICATION OF BUILDING PLANNING SOFTWARE IN CIVIL ENGINEERING"

Name of the Speaker: Mr. Anand T

If you attended the seminar we would like to make sure that the sessions were relevant and useful.

Give your appropriate feedback to make the future lectures more beneficial for you.

Please '(Tick ✓)' the option you find most suitable.

SL No	Particular	Extremely Good	Good	Quite Good	Poor
1.	How was the overall organization of the event?	✓			
2.	How relevant was the content discussed by the speaker?		✓		
3.	Are you satisfied with the time and venue?	✓			
4.	How much interesting this session was for you?		✓		
5.	How was your preparation about the topic before the session?		✓		
6.	Did the session cover what you were expecting?	✓			
7.	What is your opinion about the speaker?	✓			
8.	How much this session was useful from the knowledge and information point of view	✓			
9.	Overall effectiveness of the program	✓			

Additional comments and suggestions for future
