REPORT

The Motivational Talk was held on 3.10.2019 for 5th Semester Civil Engineering students. The Program began with an invocation song by group of students. The welcome address was given by **Mr. Nitish Kumar**, Assistant Professor, Department of Civil Engineering.

Dr.P S Niranjana, Professor, and Head spoke about the importance of the skillset requirements among civil engineers.

The Resource person was introduced to the participants by **Mr. Surendra B V**, Associate Professor of Civil Engineering Department.

Mr. Arshad Ahmed, the Resource person, deliberated the whole session with case studies and brain storming sessions involving active participation of the students in many related hands on activities.

The Vote of thanks was delivered by **Dr. Vinay Kumar B M**, Associate Professor, Department of Civil Engineering.

The excerpt of his Motivational Talk is as follows:

Every year, the number of Indian students applying to foreign universities for admission has been increasing steadily, be it at graduation or post-graduation level. While many term this as 'brain drain', many others also see the bright side of opting to study abroad at the top colleges and universities. Let us look at the key advantages of studying abroad.

When it comes to studying abroad, one nagging question that bothers students is how to choose the right study abroad course or college? There is no fixed or simple answer to this question. The right course or college for different students would vary as per their priorities

Resource person Mr.Arshad Ahmed discussing with the students
