

**NEW HORIZON
COLLEGE OF ENGINEERING**

Autonomous College Permanently Affiliated to VTU, Approved by AICTE & UGC
Accredited by NAAC with 'A' Grade, Accredited by NBA

VMWARE FORUM 2019

vmware IT ACADEMY

HOSTED BY

DEPARTMENT OF INFORMATION
SCIENCE AND ENGINEERING

Prepared By: Core Committee, VMware IT Academy
Department of ISE, New Horizon College of Engineering

ABOUT VMWARE IT ACADEMY

VMware IT Academy Program (vITA) is designed to introduce students to Virtualisation and Storage technologies and equip them with technical skills needed for the modern IT world. As a VMware IT academy member, faculties and students have gained access to technology and contents from VMware, to train students for the IT world.

As a technological club and an IT academy empowering the interests of students in the Information Science and Engineering as well as other branches, VMware IT Academy has the following to offer-

- Faculty enablement or empowerment
- Access to all VMware tools
- Curriculums on Virtualization, Devops, MDM and other technological advancements
- VMware academic recognition for students (equivalent to certification)
- VMware vExperience (CoE)
- Local student club including annual project competitions and others.
- MOOC and other new offerings

Jackie Barker Weeks, Global Program Manager, VMware and **Sachin Kumar RS**, Regional Program Manager, VMware visit the campus and review facilities, interact with academic faculty and the students.

VMWARE IT FORUM 2019

VMware IT Forum was aimed towards increasing relations and opportunities between New Horizon College of Engineering and VMware via the academic club VMware IT Academy. On **14 September 2019**, Jackie Barker Weeks, Global Program Manager, VMware visited the NHCE Campus and reviewed facilities, interacted with academic faculty and the students.

Starting off the day with scheduled meetings with the heads of the academic institution, the forum proceeded towards an interactive session held at Chanakya Seminar Hall, NHCE, where Mr Vikas BO and K.K Kavita along with academic professors from the Department of Information Science and Engineering were present and delivered a presentation on the collaborative efforts with VMware.

Jackie Barker Weeks then went on to steer the discussion towards students, which ended up proving quite resourceful and gave the students key insights to performing better in a competitive industry.

Following afternoon, there was a visit to the VMware IT Academy, Department of Information Science and Engineering to get a bigger picture of how the club functioned and the courses offered by the lab.

Jackie Barker Weeks and Sachin Kumar RS visit the VMware IT Academy.
