NEW HORIZON CUP

STATE LEVEL INTER SCHOOL BASKETBALL AND VOLLEYBALL TOURNAMENT FROM 2nd to 8th AUGUST 2019

U - 14 BOYS BASKETBALL WINNERS

U - 14 GIRLS BASKETBALL WINNERS

Champions are champions not because they do anything extraordinary but because they do the ordinary things better than anyone else.

The 2019 State Level Inter School Basketball and Volleyball Tournament ended on a high note on the 8th of August, 2019. We witnessed seven days of nail biting matches in which the students of various schools displayed their prowess.

U - 16 BOYS BASKETBALL WINNERS

There was intense competition as the teams battled it out to secure the gold medal. The players not only displayed their skills but also their team work and sportsmanship.

All the Winners and the Runners Up were felicitated by our Chief Guest of the day, Mrs Sargam Manghani, Director, New Horizon Gurukul and Mrs Anupama Sethi, Principal New Horizon Public School.

We hope to have a bigger and better tournament next year.

U-14 Boys Volleyball Winners

U-16 Boys Volleyball Winner

INDEPENDENCE DAY

Every year Independence Day is celebrated on the 15th of August. This was the day India got freedom from the Britishers. This was also the day when our first Prime Minister of India, Chacha Nehru, raised the Indian flag at Red Fort in New Delhi. He also gave his famous speech that day. It was called "Tryst with Destiny". We also pay homage to our soldiers who sacrificed their lives to fulfil the needs and protect the country.

Our school council members began this glorious occasion by marching and escorting the Chairman and the Principal of our school to hoist the national flag, followed by the school choir singing the national anthem. The school choir also sang many patriotic songs which were heartfelt. The students of 8th and 9th also presented a graceful dance on Jaaga Hindustan. The students of class 2 presented a skit on 'Unity in Diversity'. Later, the program concluded with everyone singing the national song, Vande Mataram. Jai Hind!

GRANDPARENTS DAY – PRE-PRIMARY – 27TH JULY

Family is important and so is every relationship in it, which is a treasure of love. The love of grandparents for their grandchildren is that of pure love. This was reiterated on Grandparents Day, when they put forward their best foot and came ahead to perform on stage, probably for the first time in their life. Grandparents showcased their talents in the fields of singing, acting, and playing of musical instruments. In their words, it was solely for their grandchildren that they had ventured onto the stage. Grandparents were thrilled with the guided campus tour and the thoughtful serving of lunch. The Pre-Primary division was thrilled to see so many excited grandparents who had made special efforts to be present and be a part of the Grandparents Day function in school.

FIELDTRIP – FIRE STATION

Journey to the fire-station was exciting for the children. They were waiting anxiously to reach the fire station and see all that they have seen and read in books only. The thrill started as soon as the fire engine zoomed in with its siren blaring. The hose pipe with its various types of water flow had the children clapping their hands in delight. The children watched in amazement when the firemen doused off a fire with a blanket. The return journey back to school, had our little ones discussing excitedly all that they had witnessed at the fire station which according to them seemed to be straight out of a movie.

SHLOKA COMPETITION – LKG – 26TH JULY

Being connected to tradition is as important as being abreast to modern day developments. So it was heartening to hear our young children reciting shlokas with confidence, pronunciation with clarity and diction with ease. Kudos to the parents for taking the initiative and interest to teach their children the necessity of knowing the shlokas and practising with them for the same.

SPECIAL ASSEMBLY - INDEPENDENCE DAY

On 14th August 2019, we the students of Grade 1 to 5 celebrated the 73rd Independence Day during the Special Assembly. The beautiful tri colour flag showcased their talents in the fields of singing, acting, and playing musical instruments. It was solely for their grandchildren that they had ventured onto. It started through a spectrum of patriotic speeches which was followed by a song "Hum Sabh Bharatiya Hai" which resonated the spirit of oneness among all New Horizonites. The famous poem, "Where the Mind is Without Fear" by Rabindranath Tagore was recited by children of Grade 3. The highlight of the assembly was a dance based on National integration where children of Grade 2 showcased traditional costumes from different states showing Unity in Diversity. It was a treat to watch the little ones move elegantly.

Tiny tots of Grade 1 displayed the National Symbols of India on the tunes of "Vande Mataram" which made all of us proud to be an Indian. Placards of future responsible citizens - farmer, teacher, doctor, soldier, athlete, engineer, and scientist were flashed by the students, where each one made a pledge that they would serve their motherland, India, with heart, body and soul to bring it glory and laurels through their dignified deeds. The audience was enthralled by the dance performance of students 3, 4 and 5 who grooved to the tunes of patriotic songs which aroused a feeling of patriotism in our hearts. The program culminated with a vote of thanks by a student of grade 4. It was not only a day of celebration but a day of remembrance and veneration.

SPIN A YARN
QUEEN OF DAWN

There are things you need to know before you read this, my life as Queen is not as easy as you think it is. Let me take you back to the moment all this started. My name is Creselia and I'm the Queen of Dawn. A few months ago, I was just a normal human being or so I thought because I had absolutely no memories of my childhood. Until one day I fell on the pavement and wounded my hand, that was when my life changed or went back to how it was originally.

My blood was not red but a very dark shade of maroon with silver specks in it, when the realization struck me, it was too late, the darkness took over me. I woke up in a place that seemed like an infirmary and there was a woman in white standing a few meters away from me.

Without even turning back the only thing she said was, "First you must learn to use the weapons you were born with!"

"Weapons?," I asked confused. "Look at your hands my lady", was her only reply. I looked down to find that my hands were tied with a white cloth. "Remove the bands", she said. On removing them, black smoke could be seen rising from my fingers. This was different magic, darker magic as the whorls of black smoke whipped through the air. I also had long talons that were painted in dark purple. "What is this?," I asked, "You are to be coronated immediately, your highness you are the rightful heir to the throne." That second, I was flooded with memories that made me realize what was going on. I was Creselia, Princess or now Queen of the greatest Dark kingdom that ever exists- I was the princess of Dawn and my parents were missing. This is where I should get worried and start looking for them, but their absence was just the beginning of a greater story to unfold.

A Founder is the mastermind and architect of an organization. It is his grit, determination and perseverance that creates an institution and leaves a mark in history. New Horizon Pre-university and Degree college celebrated Founders Day, the birthday of our honorable Chairman Dr. Mohan Manghnani, on the 7th of July. The students and staff of New Horizon put up an unparalleled and diligently planned programme for our mentor.

The event commenced at 5pm. The campus was aglow with the soft amber tones of dusk. The evening commenced with the invocation of Lord Ganesha through songs sung by the choir, filling the air with an ethereal divinity. The birthday song was sung with jubilation and ecstasy.

As the sun sank lower in the sky, the light of day drained away and our dancers, who had trained for so long began their performance. The theme was 'Dances of India', and our dancers upheld the fluidity, rhythm and ethereal grace. The mellifluous voices of the choir filled the atmosphere with emotions and enthralled the audience. The beat boxing face-off succeeded this, energizing the crowd.

As the show neared an end, the last event- DJ night began. The students danced till the heat of day had been replaced by a cool breeze and the orange hues of evening gave way to the velvety ebony of night.

The event concluded with the formal vote of thanks. The air was filled with pure bliss, pride and admiration for our beloved Chairman who established and nurtured this group of institutions with vision, dedication and pride.

NHMUN - 2019

Model United Nations or its catchy abbreviation -MUN is an inter-school event where students from various institutions represent countries, agencies or people and assemble together to form a committee - a dynamic unit where an agenda and its collateral issues are debated, solutions are voted upon and a robust resolution is passed.

The fourth edition of New Horizon Model United Nations was all that and much more. New Horizon Pre- University College sent a dynamic delegation of four students. I was one among the fortunate souls to participate. There were many committees – The International Summit of Drug and Crime, Continuous Crisis Committee, Security Council for Women's Empowerment,

Historic Security Council and the Microsoft Board 2025. Each committee had a time freeze, agenda and a set of topics to be discussed. The four of us did

a fair amount of research leading up to the days of the Summit. We had to scour the deep internet for articles and websites pertaining to the topic.

The days leading up to the event were a blur, the committee itself was astounding and the experience was enriching. The different people we meet during a MUN make the experience unforgettable. It teaches us humility and respect and that people need not always have to agree on all aspects to hold a meaningful conversation and strike a perfect deal.

The ISDC was a crisis committee which meant that one could eliminate a country's president, have a drug Lord murdered, poison someone's river or plunge another country and there were absolutely no repercussions. NHPUC bagged a Best Position Paper award, an Outstanding Delegate award and a Special Mention. The experience taught us a lot about the world and the way countries negotiate and operate. The organization of NHMUN was brilliant.

The sleepless nights before the event and the panic endured during the summit were worth it. At the end of the third day, I distinctly remember walking down the stairs with my fellow delegates, shaking hands and smiling and feeling like that was all I ever wanted to do. MUN makes us better speakers and better people. The issues debated upon are truly humanitarian, affecting real people all across the globe and happening at the very moment. Serving our fellow humans, negotiating and making a better life for them are noble ideals and through MUN, we make that a reality. **Meghaleena Mukherjee I CPT**
