A MONTHLY NEWSPAPER FOR THE STUDENTS AND BY THE STUDENTS

Bangalore, September 2023 CMM/BHE/DECL/NPP - 230 / 10 / 2033

NEW HORIZON MODEL UNITED NATIONS

Franklin Roosevelt rightly said **'We cannot always build a future for our youth, but we can build our youth for the future.'**

The fifth edition of NHMUN 2023 was successfully held on the 27th and 28th of July, 2023. The conference was inaugurated by Ambassador N Parthasarathi. A total of 158 delegates from different educational institutions participated in the event.

In this era of globalization, learning about the world and its problems is of utmost importance. The New Horizon MUN provided the perfect platform for all like-minded young enthusiasts, who wanted to make a difference. They came together to take on global challenges, provided solutions that would help make this world a better place to live in, and gained a hands-on experience in diplomacy and international relations. During these two days, intense debates, fruitful discussions, and impactful resolutions were witnessed. New bonds were forged.

The event ended with awards given to the delegates who proved their prowess. The Best Delegation Award was awarded to St. Joseph's Pre-University College. The conference ended on a high note, with the students leaving with memories that they will treasure forever. **If our youth arise and act, they have the strength and dynamism to generate a huge transformation in society.**

NEW HORIZON PUBLIC SCHOOL
 (Affiliated to C.I.S.C.E., New Delhi, School Code - KA - 027)
 The Trust is a Recipient of Prestigious Rajyotsava State Award 2012 Conferred by the Government of Karnataka

ADMISSION NOTICE SESSION 2024 - 25

Registration forms for NURSERY and LKG will be available on the website and at the school reception from **18th September, 2023**

www.nhps.in

Filled in registration forms to be submitted online along with the following documents

1. The latest passport size photograph (size less than 100KB in JPEG or PNG format)
2. Scanned copy of birth certificate of the child (PDF format less than 1 MB)
3. Aadhaar card copy
4. Registration forms can be submitted at the school reception along with the photocopies of the above mentioned documents.

For admission contact: +91 70222 99273

Registration fee: 1000/-

Age criteria:

1. NURSERY - 3 years as on 1st June 2024
2. LKG - 4 years as on 1st June 2024

Note:

- The number of seats available for the above mentioned classes are limited.
- Admission interaction will be initiated through E-Mail and phone call.
- First priority is for sibling and Alumni's parents.

HAPPY SUNDAY MORNINGS @ NHPS

We are so busy watching out for what is just ahead of us that we do not take time to enjoy where we are. Life is meant to be enjoyed and every moment should be cherished and treasured. Unfortunately, we are so busy with our hectic schedules that we often forget to live life to the fullest.

The key to life is happiness. Keeping this in mind, New Horizon Public School started the initiative #HappySunday Morning@NHPS. This campaign will provide the parents, a platform to relax, unwind and forge stronger bonds. A plethora of fun-filled activities are being conducted keeping in mind the varied interest of the parents, to create unforgettable memories that they will forever cherish.

Happiness is not something you postpone for the future. It is something you design for the present.

YOUTH SEVA

Aristotle once said, "Good habits formed at youth make all the difference."

The youth is the hope of our future. They hold in their hands the power to shape and mould a better and brighter world. As future leaders, they should be aware of their civic duties and responsibilities. The youth should understand the significance of giving back to society.

Helping others and doing something meaningful for the community can have a longer, deeper impact on the children. It instils in them the values of compassion, service, empathy and respect. It also fills them with a sense of accomplishment and purpose.

The students of Grade IX were taken to ISKCON temple, where they helped clean the temple premises. They understood the importance of keeping their surroundings clean and how to work together as a team.

There is nothing more rewarding than giving back and making a difference in this great community.

SESSION BY DR. KHAJA

Healing is an art. It takes time, it takes practice. It takes love. Only a doctor is blessed with the magical power to treat a life, to bring health into our lives, and to be there with us when we have lost all hope.

Dr. Khaja Javed Khan, an alumnus of our school addressed the students of Grade 9 and 10. He is a consultant in anesthesiology, pain medicine and rheumatology. Dr Khaja was the first in India to have both FIPP and EDPM Certifications. He was the youngest in India to become the Pain Medicine Fellowship Head. For his outstanding achievements, Dr. Khaja has received various awards and accolades. He is the proud recipient of the BP Manghnani Memorial Award.

Dr. Khaja was awarded the Rising Star in Pain Medicine at India Pain Update conducted by Delhi Pain Management Centre at New Delhi in 2021. Dr. Khaja has also been credited with several publications and has been a guest speaker at both national and international conferences. In his inspiring speech, Dr. Khaja spoke about having faith in oneself and one's ability. He also spoke about the importance of loving one's country and contributing to its welfare and growth.

We are sure that Dr. Khaja's motivational words will be a source of inspiration for our students. The achievements and the success stories of our students fill us with a sense of pride and joy. We at New Horizon are extremely proud of the accomplishments of Dr. Khaja. **The success of any school can be measured by the contribution the alumni make to our nation.**

THE ENCHANTING WORLD OF CHILDREN'S DANCE COMPETITIONS

Dance is a universal language that transcends age, culture, and borders. One of the most delightful and awe-inspiring events in the world of dance is the Children's Dance Competition. This enchanting spectacle brings together young talents from diverse backgrounds, each with their unique flair, grace, and enthusiasm. This not only serves as a platform for showcasing artistic brilliance but also fosters self-confidence, teamwork, and a sense of accomplishment among our tiny participants. With 'Fusion' as the theme, our tiny tots showcased their unique style and talent to create a new aesthetic in Pre-Primary division. Beyond their captivating performances, this laid the foundation for their personal growth and a lifelong love for the art. As the young dancers twirl, leap, and spin, they remind us all of the boundless joy that can be found in the art of dance and the immeasurable potential of the human spirit.

RAINBOW DAY

In a world that thrives on diversity, celebrating the differences that make each individual unique is of utmost importance. Dressed in vibrant colors of the rainbow, L.KG tiny tots performed a drill using pompoms depicting the colors. Rainbow Day celebration is more than just a colorful event; it is a journey towards understanding, unity, and respect. By nurturing these values in children, we pave the way for a brighter and more harmonious future and everyone's unique contributions are embraced allowing their true colors burst like a rainbow in the sky!

GRADE 10 STUDENTS VISIT TO AKHIL KARNATAKA PRANI SANGHA

Animals and birds have hearts to feel, eyes to see and families to take care of just like you and me.

Animals are an integral part of our life and protecting them is of utmost importance. Animal cruelty is on the rise and it must be stopped at all costs. The youth of today is our future and inculcating in them the love for animals and protecting them is the need of the hour. By nurturing the love for animals in children, we not only preserve our environment but also instil in them values of empathy, responsibility and compassion.

The students of Grade 10 were taken to the Akhil Karnataka Prani Sangha where they understood the importance of safeguarding these precious gifts of God. Let's take a pledge to protect the rights of the animals. Together we can make a difference. Teaching children to be kinder to animals today is our only hope for a kinder world tomorrow.

A WHIMSICAL ADVENTURE OF FIELD TRIPS

Field trips are a time-honoured tradition in education, which have been cherished by children and educators for generations. These excursions outside the confines of the classroom provide children with an immersive and hands-on learning experience that cannot be replicated within four walls. They offer children an opportunity to gain knowledge, foster curiosity, and develop crucial life skills. Keeping this in mind, a field visit to an Army unit was organized for students of UKG to inculcate in them a sense of patriotism and to have a glimpse of the army that protects them. The students of the pre-primary division also had an opportunity to witness a live demonstration given by a chef on table manners and the importance of healthy food and hygiene at Hotel Tulip. Our nursery tiny tots visited Suryanarayana temple and gained the blessings from the almighty. Field trips remain to be whimsical adventures that spark imagination, expand horizons, and lay the foundation for a well-rounded, empathetic, and knowledgeable generation.

A SPORTY TRIP TO DECATHLON

L.KG. students boarded the magical school bus and set off to Decathlon, the premium store for all who love sports. This educational trip helped children to know more about the different equipment used in various fields of sports. Children were taken around the store explaining about the various sports attires and equipment. A fun filled Zumba workout with energetic music was arranged. Children grooved and jumped around filling great delight in the air. Small tents were also set up for children to explore. Children posed happily for some captivating moments.

BEACH DAY

The sun-kissed sands, the rhythmic waves, and the cool ocean breeze beckoned to indulge in the ultimate summer delight; a Beach Day Celebration. At NHPS Preprimary division, the event was organized for the tiny tots of LKG by transforming the school premises into a beach paradise with colorful umbrellas, palm trees and splash pools. This concept offered an opportunity to transport the serene ambience of a beach to our learning spaces. One of the highlights of this celebration was the myriad of activities that kids enjoyed. The children reveled in the joys of vitamin sea by painting their memories on a perfect canvas that can linger long after the sun has set putting their tiny minds at ease!

MEANING OF TRUE LOVE

The greatest moments in life are not concerned with selfish achievements, but rather with the things we do for the people we love and esteem – **Walt Disney**

Love is the most noble of human qualities. It is a universal value, an experience, and an expression that everyone can understand, regardless of who they are, what language they speak or where they live. One of the best feelings, without question, is love. Constantly and consciously, we seek it, cherish it and share it.

Love brings out the highest virtues of the human heart. Sacrifice, generosity, compassion, selfless service and empathy can arise only when love is present. Love makes a family happy and content. Parents love their children selflessly and children reciprocate by showing respect and gratitude. Love is also shared among siblings, relatives and friends.

Teachers show love to their students by sharing their intellectual and spiritual wisdom and students in turn are respectful and grateful. Patriotism means loving one's country and willing to sacrifice one's comforts and wealth for the welfare of the nation and its people.

Being human means extending unconditional love to each and every living being on Earth.

There is another very important aspect of love, the Love for God. This helps one to be generous and compassionate with all human beings without any prejudice of gender, religion, caste, race or colour of skin. Rupa Goswami, an erudite scholar of the 16th century mentions that the highest perfectional stage of life is to achieve real love for God – Prema, where the devotee is constantly engaged in the loving devotional service of the Lord.

Let us strive to make Love, the overriding emotion in our life, which will help all the other virtues to house themselves in our heart effortlessly. If we do so, we will have a truly blessed life.

Values Plus team

FRIDA KAHLO- THE ARTIST TAKEN AWAY TOO EARLY

"Feet what do I need you for, when I have wings to fly?"- Frida Kahlo.

In 1925, Frida was on her way back home from school in Mexico City when the bus she was riding in, collided with a streetcar. She suffered near-fatal injuries to her spine, pelvis and hips. She also faced many hardships throughout her life like being crippled from polio, chronic physical illness and turbulent marriage to Diego Rivera, a famous muralist. During her recovery from the streetcar accident, she tried her hand at art and began painting the world according to her own singular vision. She expressed herself through mesmerizing self-portraits. She painted raptured landscapes and presented herself in rather unusual ways that revealed her physical and mental state. She often contemplated the physical and psychological effect of her disability in her work. She has created numerous famous paintings like- "The Two Fridas", "The Wounded Deer", "Diego And I" and "The Frame". Kahlo died at the young age of 47, but her remarkable art and inspiring story continue to guide many young artists to never let their disabilities come in their way.

-Disha Agarwal, VIII-D

Awareness of Safety Precautions When Employing Water Geysers at Home Why Awareness?

We have had a few life-threatening accidents in the last few months as a result of inadequate maintenance or faulty installation, which could result in serious burns, electric shocks, explosions, and fire or gas leaking from geysers. I came across another incident yesterday that resulted in the death of a 22-year-old man, who was his parent's only child. This incident compelled me to develop simple awareness and safety procedures to be followed while using this device.

The monsoon has arrived and we may have begun to use hot water due to the drop in temperature in some regions of the country. Water heaters are easy, safe and more convenient to use than other water heating devices like immersion rods.

What is electric and gas geyser?

Electric geysers employ a copper coil to turn power into heat, which aids in the heating of water. Gas geysers use LPG to heat water. This makes them energy efficient. A hob is often positioned beneath a tank, and hot water is delivered by pipelines. Gas geysers are becoming increasingly popular, because they do not utilize electricity and the amount of LPG consumed is also relatively low.

How does an electric geyser work?

A geyser is made up of a water tank and two pipelines, one for cold water entry and the other for hot water outflow. The water tank has heating elements that are controlled by thermostats. The thermostats ensure that the water does not heat up above a certain temperature. Typically, the tank is encased in a metal casing and is covered with insulating material. The thermostat in any geyser serves as the appliance's operating system, allowing it to determine when to start and stop heating the water.

How does a gas geyser work?

When you turn on a gas water geyser, the rushing water activates a sensor, which results in the outflow of hot water. A gas hob distributes the water uniformly until you turn off the gas geyser.

Warning signals in an Electric Geyser:

1. Very hot water in water tanks.
2. Water stains on artificial ceilings.
3. Water that is discoloured and has a foul smell.
4. Loud water heater.

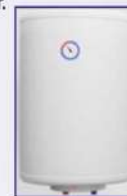

Warning signal in a Gas Geyser:

Partial combustion occurs in a Gas Geyser, which generates carbon monoxide. As Carbon Monoxide is an odourless and colourless gas, hence it is NOT possible to detect a leak. Carbon Monoxide is harmful since it can cause dizziness and unconsciousness only after a few minutes of inhalation.

Remember the following safety precautions:

1. Install your gas geyser in a well-ventilated area (avoid putting in confined spaces such as a bathroom or kitchen).
2. Examine for gas leaks.
3. When having a bath, avoid utilizing the geyser in the ON position.
4. Keep the geyser out of the reach of children and keep an eye on the thermostat.
5. Regular upkeep to ensure safety.
6. Raise awareness among your family members and domestic helpers to save lives.

THE LITTLE HERO

In a small town, there lived a little girl named Titoon. She was known for her kind heart and faith in executing good deeds. She believed that even the smallest act of kindness could make a big difference. One day, Titoon was walking to the park along with her father, when she noticed a stray dog. The dog looked frightened, weak, and hungry.

Titoon couldn't bear to see the poor creature suffering. As a true act of kindness, Titoon asked her father to buy a packet of food and then kept it in a bowl for the dog. The dog ate the food and felt better. The next day, Titoon wanted to check the dog's condition. She carried a blanket and some food with her. She spent every evening with the dog. Slowly, people started helping and showing kindness to the dog.

The dog recovered soon and felt happy. All the kids enjoyed playing with the dog. The smallest act of kindness could make a big difference in the lives of others.

Jia. A, 3C

1	students here's a quiz, that you must submit by the end of this class.	4	This is tough. I will just pray to the lord before I start. I'll do my best and leave the rest to God.	7	Good Job, Harry! you were the only one who finished it!
2	This will be easy. I am the topper anyways. I'll be the first to finish.	5	huh? I didn't expect this to be so difficult. Why am I not able to solve this?	8	How did you finish it, Harry? I tried my best but still couldn't.
3	Oh no! this is difficult. Only God can save me now. I'll just pray to him.	6	this is quite easy!	9	I'm unsure, but I prayed to the lord for guidance and did what I could

YOUNG ACHIEVERS

Our students participated in Transcendence 2023, organized by St Joseph's Boys High School. Sindhoora R. and Dheekshitha D. won the First prize in Viventem (Biology event).

"Winners are not the people who never fail, but people who never quit." Our School participated in an Inter-School Cultural Fest "Expressions" organized by HAL Public School, Suranjandas Road, Bangalore on Friday, August 4, 2023. The participants got an opportunity to showcase their unique skills.

Akash H. Prabhu of class 4C won a Bronze medal in the Katha display and a Gold medal in the Kumite in the Independence Cup, 9th National Championship organised by Japan Karate Shotokan Academy on 6th August, 2023. Congratulations to Akash and we wish him best of luck in all his future endeavours!

Dyuthi Surisetty of grade 3D secured First place in the National Level Open Karate Championship organised by Gezuke Martial Arts in Bangalore on 26th July 2023. Congratulations to Dyuthi!

Our students participated in the Interschool Skating Competition which was organized by Jana Bhaskar Public School and won several prizes.

- Sarthak - 3E - 1st Prize
- Atharv C - 5 C - 1st Prize
- Sanvika - 1D - 2nd Prize
- Nihal - 3D - 3rd Prize
- Pranav - 8C - 2nd Prize
- Purvi - 5B - 1st Prize
- Aarav C - 1C - 2nd Prize
- Ilina - 3A - 2nd Prize
- Advika - 8C - 1st Prize

- Evieka Singh of grade II C won the Second prize in the event "Weave the Magic" where students picked the objects of their choice and created a story. Evieka confidently spoke and mesmerized everyone with her orating skills.
- Ved Jain of grade V B also won the second prize in the event "Anokhee Paakshala" where he showcased his culinary skills followed by a mind-blowing presentation in Hindi.
- Samar Sayal Cherian- LKG A won a participation certificate for clay modelling.
- Papiha and Aryan of grade VIII participated in Quiz and bagged the Third place and the icing on the cake was the Second prize won by Vedansh from UKG A.
- Our students also participated in events like "Lyrical Ballad", "Melange", "Manmauji Kirdaar" and "Kittu Puttu" and offered a tough competition to the opposition teams with a positive attitude.

We, The New Horizonites, believe in participation, facing the challenges and giving our best; No matter what! **Congratulations to the winners!**
